CALL ID: CSGI-BA-01/2021

Open position for a First Stage Researcher within the EU Project "Single molecule bio-electronic smart system array for clinical testing – SiMBiT"

The Center for Colloid and Surface Science (CSGI) – University of Bari is the Coordinator of the Project "SiMBiT - **Single molecule bio-electronic smart system array for clinical testing**" (n. 824946), funded by the European Programme Horizon 2020, call H2020-ICT-2018-2

CSGI has an open position as a First Stage Researcher within the SiMBiT project. The successful candidate will have the possibility to work in a multidisciplinary world-class research and training center.

Time period:

March 1, 2021 – September 30, 2021

Location:

CSGI, University of Bari, Chemistry Department, Via Orabona 4, 70125, Bari (BA)

Job Requirements:

CSGI is looking for a highly motivated and creative First Stage Researcher with a Master Degree in Biotechnology and expertise in the following field:

- Nanostructured materials; electrochemical biosensors; immunosensors, self-assembly monolayers (SAMs), electrochemical impedance spectroscopy (EIS).
- Internship (at least 6-9 months) in a research laboratory will be positively evaluated.

Candidates must show a good attitude in working in a team, strong analytical and organizational skills.

Gross salary: up to EUR. 21.000 € for the time period above specified.

All candidates must send:

1. a signed application letter specifying: surname and name, date of birth, address, e-mail and telephone number;
2. the curriculum vitae et studiorum;
3. the Master Degree certificate;
4. the list of all titles and documents that can be relevant for the selection;
5. at least one recommendation letter.
