**CALL ID: CSGI-SI-23/2018**

## **Open position for a researcher within the Project "Integrated study of the ecosystem services of the Basso Piave"**

The Center for Colloid and Surface Science (CSGI) – University of Siena is the Coordinator of the Project "Integrated study of the ecosystem services of the Basso Piave".

CSGI has an open position as a researcher within the BASSO PIAVE project. The successful candidate will have the possibility to work in a multidisciplinary world-class research and training center.

### Time period:

February 2, 2019 – July 31, 2021

### Location:

CSGI, University of Siena, c/Department of Biotechnology, Chemistry and Pharmacy, Via Aldo Moro, 2, Siena, Italy

### Job Requirements:

CSGI is looking for a candidate should preferably hold a Degree in Chemical or Biological/Environmental Sciences and a Ph.D. in the same discipline, or equivalent qualification for foreign candidates, with not less than 3 years of post-doctorate experience.

- To carry out the project, a thorough knowledge of water quality characterization techniques for biogeochemical and microbiological parameters is required for freshwater and marine ecosystems. Successful applicants will have expertise in the study of carbon cycle in aquatic ecosystems with practical field experience.

- Priority will also be given to those candidates who demonstrate knowledge of participatory and transdisciplinary science approaches - *citizen science* - with preferable direct experience.

- The successful candidate shall also have at least 3 publications in scientific journals indexed in the environmental/chemical/aquatic research field. International experience (research projects, collaborations, participation in conferences) will be positively evaluated.
