Opening for an early-stage researcher within the EU Project "ShaleXenvironmenT" in the field of formulations of hydraulic fluids for shale gas extraction

The Centre for Colloid and Surface Science (CSGI) – University of Florence is partner of the Project "Maximizing the EU shale gas potential by minimizing its environmental footprint — ShaleXenvironmenT" (n. 640979), financed by the European Programme Horizon 2020, call LCE-16-2014 – "Understanding, preventing and mitigating the potential environmental impacts and risks of shale gas exploration and exploitation".

CSGI offers a position as an early-stage researcher in the framework of the ShaleXenvironmenT project. The fellow will have the possibility to work at world – class scientific level in multidisciplinary and international teams to achieve a breakthrough in the field of formulations of hydraulic fluids for shale gas.

Time period:

1 October 2015 – 30 September 2016. The contract is renewable annually up to three years.

Location:

Chemistry Department "Ugo Schiff" of the University of Florence in Via della Lastruccia 3, Sesto Fiorentino (FI)

Job Requirements

CSGI is looking for a young talented person with a Master degree in Chemistry (or equivalent) with expertise in physical chemistry of formulations, colloid and surface science and a documented experience in using the instrumental techniques that are relevant to the project, but with no more than four years of experimental work after the achievement of the Master degree. The knowledge of the English language at the intermediate level is required.

Gross salary: up to EUR. 16.200 for the time period above specified.

For more necessary information, please write to Prof. Pierandrea Lo Nostro at segreteria@csgi.unifi.it
